

SERVICES OF THE RANDOLPH COUNTY HEALTH DEPARTMENT

Animal Control/Animal Shelter – 336-683-8235

The purpose of the Animal Control program is to control the spread of diseases such as rabies. Stray and unwanted animals are picked up and brought to the Animal Shelter. Also, the animal shelter accepts walk-in owner surrender of unwanted animals for adoption. Usually, there are many cats and dogs to choose from. The shelter hours are 9:00 a.m. to 4:00 p.m. Monday through Friday and it is located at 1370 County Land Road, Randleman (county landfill).

Care Coordination for Children Program -336-318-6253

This program serves children ages birth to five, with special health care needs, premature infants, foster care children and children who have exposure to “toxic stress” (domestic violence, active parental substance abuse, etc). The goal of this program is to improve medical care for at risk children and reduce emergency room visits. Referrals for at risk children may come from any community program, medical doctor’s office, WIC, DSS, or anyone in the community.

Communicable Disease (HIV, STD, TB) – 336-318-6882

This clinic provides screening and treatment for communicable diseases including HIV, STDs and Tuberculosis (TB). Pregnancy tests are also offered for a fee of \$21.00. The clinic is open Monday - Friday on an appointment schedule. The clinic offers childhood and adult shots for those that qualify.

Dental Health Program – 336-318-6220

This program provides clinical treatment for children ages one through high school of qualifying families. Adults that meet the income requirements may receive limited treatment for dental emergencies only. Dental screenings are provided for all Randolph County students in kindergarten. Community education and prevention programs are available upon request.

Environmental Health Services – 336-318-6262

To keep the environment and residents healthy, Environmental Health performs soil and land evaluations for permitting septic tank systems, permits new well construction, performs well water testing, conducts rabies investigations, and inspects many facilities, including restaurants, motels, and Mobile home parks.

Family Planning Clinic – 336-318-6882

Helping men and women plan their families. We offer birth control, counseling, education, and physical exams for women of child-bearing age. Services are provided on a sliding scale fee system based on income and family size.

Health Education – 336-318-6196

Helps the community prevent unnecessary illness and improve their quality of life. Through Health Education, one learns to avoid risky behaviors and make healthier choices. This is accomplished through group and individual classes, health fairs, educational resources and implementing policy changes.

Pregnancy Care Management Program -336-318-6253

Clients will receive managed care services with the goal of improving birth outcomes and quality of maternity care. Referrals for pregnant women may come from any community program, OB-GYN, WIC, Pregnancy Care Center, DSS, etc.

Public Health Preparedness – 336-318-6248

This program plans for response to disease outbreaks/public health disasters, and is available for group presentations.

Safe Kids – 336-318-6196

Protecting children from unintentional, preventable injuries by providing education and awareness. Safety focus areas include: poison/medication, fire, heatstroke, pedestrian, bicycle and child passenger safety. Certified car seat safety technicians are available to assist parents with proper installation for their car seats (by appointment only). Free bicycle helmets and reduced priced car seats may be available for those who qualify.

WIC

WIC – 336-318-6171

To get infants and children off to a good start, WIC provides nutrition education and special foods to pregnant and breastfeeding women, infants, and children up to five years of age who meet certain income limits and nutritional needs.

Nutrition Services - 318-6171

Individual services include nutrition assessment and counseling by a Nutritionist for residents who have a physician's referral. Group services include scheduled nutrition classes for residents with similar health interests and needs.
