**Regional Partnership Workforce Development Board Annual Report**

Vickie Cox, Workforce Development Board member, presented the July 1, 2009-June 30, 2010 annual report of the Regional Partnership Workforce Development Board’s Local Workforce Development Area. She reviewed budget figures for Randolph County’s Regional Consolidated Services regular program, as well as the summer ARRA (American Recovery & Reinvestment Act), which total \$695,018 and \$636,980, respectively. Ms. Cox also highlighted the following programs: RCC JobLink Career Center, Wired Education Initiative and Dislocated Worker Program, and shared success stories, including Teleflex Medical of Asheboro. Teleflex worked extensively with the Randolph County JobLink partnership in their creation of 120 full-time jobs within the past fiscal year.

**Approval of Resolution, Consortium Agreement and State and Local Area Memorandum of Agreement to Form Regional Partnership Workforce Development Area**

Janice Scarborough said that Regional Consolidated Services, being the Administrative/Fiscal Agent for the Pee Dee Region and Regional Partnership Workforce Development Areas, is requesting approval by the Consortium Chief Elected Officials Board to merge two counties, Montgomery and Moore, of the Pee Dee Region Workforce Development Area with the Regional Partnership Workforce Development Area, which is comprised of Alamance, Orange, and Randolph. This is due to one county, Richmond, under the Pee Dee Region Workforce Development Area, pulling out and merging with another Workforce Development Area. According to the Department of Commerce’s Division of Workforce Development, a new Consortium Agreement, Resolution, and Memorandum of Agreement

must be implemented to merge the two counties with the Regional Partnership Workforce Development Area. Ms. Scarborough asked the Commissioners to approve these documents.

*On motion of Frye, seconded by Kemp, the Board voted unanimously to approve a resolution to form the Regional Partnership Workforce Development Area, the Regional Partnership Consortium Agreement and the State and Local Area Memorandum of Agreement, as follows:*

### **Public Comment Period Set for 2009 Multi-Jurisdictional Multi-Hazard Mitigation Plan**

Donovan Davis, Emergency Services Director, said that the NC Division of Emergency Management and FEMA has approved the updated Multi-Jurisdictional Multi-Hazard Mitigation Plan for the County, and its municipalities. Mr. Davis requested that the Commissioners set a public comment period, which is a requirement of the plan. Following the public comment period on the County's portion of the updated plan, the Board may consider adopting the plan by resolution. Mr. Davis said that each City and Town will be responsible for setting a public comment period in their jurisdiction and adopting their portion of the plan.

*On motion of Haywood, seconded by Kemp, the Board voted unanimously to set 7 p.m., May 2, for a public comment on the County's portion of the updated Multi-Jurisdictional Multi-Hazard Mitigation plan.*

### **Update on Viper Radio System**

Donovan Davis, Emergency Services Director, gave an update on the federal mandate requiring all frequency license holders to adhere to narrow-banding requirements by January 1, 2013. He said that to date, the equipment ordered for the 9-1-1 Center is arriving piece by piece. He said he expects everything will have been received by the end of April or first of May, with installation beginning by mid May. Once the equipment is installed, the County will have to upgrade/update our console software to be compatible with 800 mhz, UHF, and VHF equipment. Mr. Davis said that the tower construction at the D.O.T. camp has started, with an estimated online date of September or October. According to Mr. Davis, the fire departments have been awarded the Assistance for Firefighter Grant (AFG) in the amount of \$959,557.00. The match amount to be shared by the fire departments is \$231,889, making the grand total, \$1,191,446. He said that several of the departments may have a difficult time coming up with their match amount. This grant will cover only enough to provide each department with the minimum number of radios needed to make the switch to VIPER. In other words, the number of radios that will be purchased through the grant is not enough radios to equip each vehicle or fire department member as required by the NFPA standards. He said that the request for proposal (RFP) for the new VHF paging system for Fire and EMS closed on March 31, and staff are beginning to review the proposals, and plan to present findings and recommendations at the May Commissioners meeting.

### **Technology Update**

Michael Rowland, Information Technology Director, presented a technology update. He said that projects currently underway include:

1. DSS Automation – Currently working with DSS on automating Services and hope to complete the final DSS unit by July 1, 2011.
2. Central Permitting (awarded in December 2010 for \$287,140) – Initial kickoff meeting with the vendor and project team scheduled for later in April. Work should commence in May with our vendor, New World Systems, to convert our data into their format. Plans are to put the software into production in October 2011.
3. Land Records/CAMA (awarded in August 2009 for \$756,093) - Went live with the system on February 18<sup>th</sup>, 2011. Still working on issues related to the data migration. On March 30<sup>th</sup>, the new Land Records/CAMA public web access system was available to the public.
4. County website rewrite – This is an internal project that started in 2008 in conjunction with the creation of a web standards committee. Slowly updating the County website department by department.

Mr. Rowland thanked the Commissioners for their support with the County’s technology projects. By strategically planning for technology and reinvesting money saved or earned in the past, we are using resources wisely and reaping positive benefits in staff productivity and data accessibility with each project.

**Approval of New Positions at Courthouse to Replace Contract Services**

James Chriscoe, Maintenance Department Director, requested the allocation of three full-time housekeeping positions for the Randolph County Courthouse. He said that the County has been contracting with a cleaning company to provide this service in the evening hours since November 2002. The cost for this service has averaged \$85,000 per year. Unfortunately, the quality of service has been unsatisfactory, according to Mr. Chriscoe, with the Maintenance Department receiving many complaints, which were substantiated upon inspection by either Mr. Chriscoe or Lindale Thomas, Housekeeping Foreman. Mr. Chriscoe suggested hiring three full-time housekeepers at a cost of \$83,247 per year, including full benefits. Since the cleaning would be done during normal working hours, these employees could be more closely supervised, thus resulting in a cleaner facility. Also, there would be no need for a supervising deputy to be in the building after 5 p.m. According to Mr. Chriscoe, the contract with the current cleaning service can be terminated with a 30-day written notice to the contractor, due to poor quality of service.

*On motion of Frye, seconded by Kemp, the Board voted unanimously to approve three new housekeeping positions at Grade 53 for the (new) Courthouse to replace contract services, as requested, effective May 15.*

**Approval of Bids/Contracts for Rehabilitation of 3 Homes for the CDBG Standard Grant**

David Townsend, III, Public Works Director, said that the Public Works Department originally sent bid packages for the rehabilitation of three homes: G. Brower (Asheboro), B. Isley (Staley) and L. Brown (Asheboro) to over 15 contractors and opened bids March 10, 2011. However, only one bid was received. Therefore, the request for bids was republished, and the new bid opening was held on March 28, 2011. Three bids were received, as follows:

Contractor	G. Brower Home	B. Isley Home	L. Brown Home
Carpe Construction	33,995	42,000	32,950
Glenn King Construction	32,315	38,785 *	31,960
Touch Construction	29,725 *	44,185	27,515 *

\* Low Bidder

Mr. Townsend said that the bids have been reviewed by our consultants, Hobbs Upchurch and Associates, who have recommended awarding the contracts to the lowest responsible bidder on each home.

*On motion of Haywood, seconded by Lanier, the Board voted unanimously to award the following contracts for rehabilitation: Touch Construction for the G. Brower home at \$29,725 and the L. Brown home for \$27,515; and to Glenn King Construction for the B. Isley home at \$38,785; and to authorize the Chairman to sign the approved contracts for these houses.*

### **Approval of Final Change Order for Hwy 64 Water Line Project**

David Townsend, III, Public Works Director, said that the Hwy 64 water main extension project was undertaken a little over a year ago for the purposes of providing potable drinking water to citizens living in the vicinity of the Blue Mist restaurant who have contaminated drinking wells, as well as to provide the initial infrastructure for future economic development along the Hwy 64 corridor. The project is completed except for a few punch list items that remain, and will be closed out by the end of the month. With most of the funding for this project coming from UST and NC Rural Center grants, the County has contributed only the minimum local match required by the grants. Currently, the County has been notified that they will receive approximately \$392,000 and \$500,000 from UST and the Rural Center, respectively. With the project almost to completion, we determined that there were available funds left to extend the water line an additional 500 feet to add additional customers who desired municipal water. This work has been completed. Mr. Townsend requested the Randolph County Board of Commissioners authorize the final change order in the amount of \$124,260 to Triangle Grading and Paving.

*On motion of Frye, seconded by Kemp, the Board voted unanimously to approve the final change order for the Hwy 64 East water line project in the amount of \$124,260 to Triangle Grading and Paving, as requested.*

### **Recess**

At 4:50 p.m., the Board recessed.

### **Meeting Resumed**

At 5:25 p.m., the Board reconvened.

### **Public Hearing and Approval of Fire Tax Districts Expansion**

Aimee Scotton, Associate County Attorney, reminded the Board that she had appeared before them in February to present a request regarding the expansion of our current fire tax districts. She proceeded with a history of how the districts were originally created. There isn't any legal requirement that a county provide its citizens with fire protection, but it is an essential service. For years, Randolph County didn't provide fire protection. Instead, that protection was provided by local volunteer fire departments that supported themselves with fundraisers. As the population increased and the cost of providing fire protection similarly increased, it became impossible for the fire departments to raise enough money to continue to operate in this manner. That led to the creation of the fire tax districts. It is important to note that the fire tax districts in Randolph County were not all created at the same time—they were created as the individual fire departments requested them (some as long ago as the 50's; some as recent as the 70's). When the existing fire tax districts were initially formed, only those properties that were located close enough to the fire departments to receive a break on their homeowners' insurance were included in the tax district. The philosophy was to put the burden of paying the tax upon the people who were paying less for their insurance. It is important to note, however, that everyone in Randolph County is in the response district for a fire department; everyone in Randolph County receives services, not just those who are located in a tax district. The practical effect is that the few are paying for the many. Those in the tax district are footing the bill for everyone in the response district. The local fire departments have approached the County requesting that the fire tax districts be increased to include everyone in their response districts. In other words, they would like for everyone to pay for the services that they receive. The proposal is that the fire tax districts be redrawn to include all of the properties within the respective fire department's response area.

Ms. Scotton said that Randolph County has local legislation in place that prescribes a method for annexing adjoining territory into an existing fire district by resolution adopted by the Board of County Commissioners. This method is contained in Section 2 of Chapter 502, Session Laws of 1985. It requires that the Board hold a public hearing prior to the adoption of the resolution. Before the public hearing, the Commissioners shall have a report prepared containing a map of the district and the territory proposed to be annexed, showing both the present and the proposed boundaries of the district. This report must be made available for public inspection in the office of the Clerk to the Board for at least two weeks prior to the date of the public hearing. Notice of the hearing must be published at least once, not less than two weeks before the hearing. Notice must also be mailed to the owners (as shown by the county tax records) of all property located within the area to be annexed at least two weeks before the hearing. The notice must state the date, hour and place of the hearing and its subject, along with a statement that the above-mentioned report is available for inspection in the office of the Clerk to the Board. If the area of a fire protection district is increased pursuant to this section, the increase shall take effect at the beginning of the next succeeding fiscal year after the action is taken, in this case, July 1, 2011.

Ms. Scotton said that, having performed all required due diligence, it is now time to hold the duly noticed public hearings for the proposed expansion of the following fire tax districts: Coleridge/Erect, Eastside, Fairgrove, Farmer, Franklinville, Guil-Rand, Northeast, Randleman, Seagrove, Sophia, Southwest, Tabernacle, Ulah and Westside.

At 5:35 p.m., Chairman Holmes opened the floor for public comment on the proposed fire tax district expansions, and stated that the Board would hear comments on each district separately.

#### Coleridge-Erect Fire Tax District

**Michael Mayo**, 7378 Meadowbranch Rd., Seagrove, said that he needed some clarification on the issues before he could decide if he was for or against the proposed expansion. He said that since fire insurance rates are set based on response times, it doesn't seem fair that everyone should be taxed at the same rate since some residents are several miles from the fire station. Mr. Mayo asked if current fire department budgets are adequate to provide the current level of service. Vice Chair Frye said that only two fire departments did not meet the state requirements of the annual fire inspection; other than these two stations, he assumed that the current budgets are adequate. However, Commissioner Frye stated that he knows that fire departments are having a difficult time keeping volunteer fire fighters, causing some of the stations to have to hire fire fighters. Mr. Mayo asked who would receive the extra revenue for the affected fire tax districts, should the expansions be approved. Commissioner Frye said that all fire tax goes to the fire departments. Mr. Mayo asked if the Commissioners would consider lowering the tax rates. Commissioner Frye said that the fire departments will bring their proposed budgets to the Commissioners in June and the Board will set the new tax rates then. Mr. Mayo said that if the tax rate remains the same for Coleridge-Erect, he would be against the expansion.

#### Eastside Fire Tax District

**Michael West**, 1561 Henley Country Rd., Randleman, said that Mr. Mayo made some good points. His main question to the Board was, "How much will the expansion cost him?" He argued that it wasn't fair that he pays the same fire tax rate as someone who lives across from the fire department; he lives five miles from the station. He said that he received his notice about the proposed expansion and that three months is not enough time to come up with the extra money to pay the bill if it's due July 1. Commissioner Frye said that the tax would be effective July 1, but the bill can be paid as late as January of the following year and that the fire tax would be included with his property tax bill.

#### Fairgrove Fire Tax District

No one spoke.

#### Farmer Fire Tax District

**Chief Tracy Boyles**, Farmer Fire Chief, said that it's becoming more and more difficult to provide fire service. They receive no taxes on federal lands in his district. The latest records (09-10) show that 15% of calls come from outside the current fire tax district. He said that this would be the first year that Farmer would turn in an unbalanced budget due to inadequate revenue. They also have the added fiscal responsibility of paying for the federally required VIPER equipment, which would be around \$20,000. They can't plan or budget for "blown engines in fire trucks." They currently have one part-time and one full-time employee, but they are going to have to hire more people if they are not able to keep their volunteers.

#### Franklinville Fire Tax District

**Kyle Dixon**, Franklinville Fire Chief, said that the fire insurance ratings are not fair. Everyone deserves at least a "9" rating. He spoke against the expansion, saying that citizens shouldn't be penalized for any shortcomings of the fire department.

#### Guil-Rand Fire Tax District

**Brian Cox**, Guil-Rand Fire Chief, spoke in favor of the proposed expansion, even though Guil-Rand would be gaining only one parcel. He said that fire departments need any extra help they can get. He also said that fire departments shouldn't be providing fire protection to citizens who aren't paying fire tax.

#### Northeast Fire Tax District

No one spoke.

#### Randleman Fire Tax District

**William Long**, 1019 Hub Morris Rd., Randleman, said that he lives within a mile of one of the City of Asheboro's fire stations, but he is in Randleman's fire response district, and the closest fire station is five miles away. He said that he has had several emergencies at his home involving his mother, and had to wait on paramedics from Randleman even though help from Asheboro was only one mile away. Once there was a wreck in front of his house and when 911 was called, the telecommunicator didn't know who to send. Mr. Long said that luckily, Asheboro responded. He just wants a quick response for whatever type of emergency he may have in the future.

Donovan Davis, Emergency Services Director, said that for a fire, both Asheboro and Randleman would respond. However, for a medical emergency, Randleman would respond.

#### Seagrove Fire Tax District

No one spoke.

#### Sophia Fire Tax District

No one spoke.

#### Southwest (New Hope) Fire Tax District

**Susan Goins**, 4230 Black Mountain Rd., Asheboro, spoke in favor of the expansion, saying that all volunteer firemen sacrifice a lot of time from their families and risk their lives. She said it's only fair that everyone pays for the service.

**New Hope Fire Chief Jason Hardister**, 5998 Lanier Hill Rd., Denton, spoke in favor of the expansion, saying that most of their calls come from residents outside their tax district.

**Lynn Evans**, 8993 Pisgah Covered Bridge Rd., Asheboro, said that she is very grateful for the paramedics who responded to her home when her late husband needed help. She has donated money to the fire department and now will gladly pay the tax.

#### Tabernacle Fire Tax District

**Charlie Game**, 1616 Savannah Dr., Asheboro, thanked the fire departments for risking their lives. However, he is against the expansion unless the rate is lowered. Also he does not agree that property with no structure on it is taxed the same as a property with a structure.

**Rusty Snyder**, 3919 Earnhardt Rd., Asheboro, said that he commended the fire department for their work, but it seems like this would be affecting more people than he first thought. He suggested holding a referendum before making a decision.

**Jared Payne**, 3779 Earnhardt Rd.; Asheboro, said that according to his insurance agent, his property is in the City of Asheboro's fire tax district, which has a Class 4 insurance rating. However, this is obviously a mistake, and he's sure that the insurance agent will now change his district to Tabernacle, which is a Class 7. If the expansion is approved, his insurance premium will 17% and he'll be paying about 21% more in taxes. He asked the Board to look closely at the fire departments' budget and the reapportionment of tax dollars.

#### Ulah Fire Tax District

**Scott Willoughby**, 5609 Pisgah Covered Bridge Rd., Asheboro, said that he would like to be in favor of the expansion because he realizes that fire departments are strapped. However, everyone is strapped these days. If the expansions are approved, Mr. Willoughby asked where the extra money will go. He said his property is located three miles outside the fire tax district and suggested building a sub-station with any additional funding.

**Candy Strider**, 6326 Randall Hurley Rd., Troy, said that she lives twelve miles from the nearest fire department. She praised all the fire fighters and said that we need more sub-stations and county-wide water. She said that it is extremely difficult to find an insurance company that will write a policy for a property that far from the nearest fire department. She said she doesn't mind paying taxes if she can get service.

**Robert Callicutt**, 5339 High Pine Church Rd., Asheboro, said that he lives outside the fire tax district. He is President of the Ulah Volunteer Fire Department's Board of Directors. He said that the fire department already has plans for a sub-station, if the expansions are approved. Ulah's problem, as is most of the other fire departments, is lack of volunteer fire fighters. He encouraged citizens to step up and volunteer.

**Barry Walbourn**, 6417 Abner Rd., Asheboro, spoke in favor of the expansions. He said he lives eleven miles from the nearest station and that his insurance is very high. He has been a volunteer for 23 years. It takes 20-30 minutes for a fire truck to get to his property. He said he doesn't mind paying his share for fire service and suggested building two satellite stations. He praised Ulah for doing a good job.

**Charlie Game** spoke again, saying that he would be willing to serve on a committee to study the situation further before the Board acted on it.

The Commissioners discussed the possibility of instituting fire service districts and said that more study is needed before this can be done.

**Harris Brown**, Chief of Sophia Fire Department, said that although the Sophia fire district will not benefit from the proposed expansion because it stands to gain only one parcel, he is in favor of the expansions because all fire departments need help. He said that he runs 99% of all the calls in the district because of the lack of volunteer fire fighters.

Commissioner Frye encouraged all in attendance to get involved with their respective fire departments, attend their public meetings and review their budget process.

Commissioner Frye asked Debra Hill, Tax Supervisor, how much notice the Tax Department would need in order for the expansions to be effective 7/1/11. Ms. Hill responded that June 15 was the absolute latest date. Ms. Hill also said that the values listed for the affected property owners for the proposed expansions do not include personal property and motor vehicles. Nor does it include exempted property.

Commissioner Kemp said that he was in favor of the proposed expansions and that the fire departments would be presenting their budgets to the Board in June so that the Board can consider appropriate tax rates.

*On motion of Kemp, seconded by Lanier, the Board voted unanimously to approve resolutions for expansion of all 14 fire tax districts, as proposed, and as follows:*

**RESOLUTION INCREASING THE TERRITORY OF THE COLERIDGE-ERECT FIRE PROTECTION TAX DISTRICT**

***WHEREAS**, pursuant to North Carolina General Statutes and local legislation passed by the North Carolina General Assembly, the Randolph County Board of Commissioners may increase the area of any fire protection district by resolution provided certain notice and hearing requirements are met; and*

***WHEREAS**, at their February 7, 2011 meeting, the Board of Commissioners announced their intention to consider increasing the territory of the Coleridge-Erect Fire Protection Tax District and caused a report to be prepared containing a map of the district and the adjacent territory proposed to be annexed, showing the present and proposed boundaries of the district; and*

***WHEREAS**, this report has been available for public inspection in the office of the Clerk to the Board of County Commissioners for at least two weeks prior to the date of the public hearing on this issue; and*

***WHEREAS**, notice of the public hearing was mailed at least two weeks before the date of the hearing by first class US mail, postage prepaid, to the owners as shown by the county tax records as of January 1, 2011 (and at the address shown thereon) of all property located within the area proposed to be annexed; and*

**WHEREAS**, notice of the public hearing was published in a newspaper of general circulation in Randolph County once not less than two weeks before the date of the hearing; and

**WHEREAS**, the Board of Commissioners of Randolph County has held a public hearing to consider whether to increase the territory of the Coleridge-Erect Fire Protection Tax District to include all properties in the response area currently being served by the Coleridge-Erect Fire Department, said properties listed on the “Coleridge-Erect Attachment” to this Resolution.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Commissioners of Randolph County, this 4<sup>th</sup> day of April, 2011, as follows:

1. The territory described in the “Coleridge-Erect Attachment” to this Resolution is hereby included in the Coleridge-Erect Fire Protection Tax District, said properties being incorporated into this Resolution the same as if fully set forth herein.
2. Pursuant to North Carolina General Statutes and applicable local legislation passed by the North Carolina General Assembly, this fire tax district increase shall take effect on July 1, 2011.

*WHEREAS, this report has been available for public inspection in the office of the Clerk to the Board of County Commissioners for at least two weeks prior to the date of the public hearing on this issue; and*

*WHEREAS, notice of the public hearing was mailed at least two weeks before the date of the hearing by first class US mail, postage prepaid, to the owners as shown by the county tax records as of January 1, 2011 (and at the address shown thereon) of all property located within the area proposed to be annexed; and*

*WHEREAS, notice of the public hearing was published in a newspaper of general circulation in Randolph County once not less than two weeks before the date of the hearing; and*

*WHEREAS, the Board of Commissioners of Randolph County has held a public hearing to consider whether to increase the territory of the Ulah Fire Protection Tax District to include all properties in the response area currently being served by the Ulah Fire Department, said properties listed on the "Ulah Attachment" to this Resolution.*
